

# Euthanasia Options & Pricing

At Pet Passages of Largo we offer both in-home Euthanasia and Euthanasia in the comfort of our Rainbow Bridge Room. This service is offered in conjunction with our partner vets and is inclusive of our Truly Private Remembrance Package. This cremation package includes a wood box urn with an engraved name plate, an ink paw and nose print, a blooming heart of remembrance and a cremation certificate. We also include a clay paw print with a birthstone.

We commit to 3 business days to complete cremation and have your loved one ready to take home.

At Pet Passages, we DO NOT transfer your pet to anyone else for any service. We have our vets preform the euthanasia and then we do the cremation. This is so important for chain of custody. The large in-home service providers pass the pets off to a large cremation company and then charge an excessive fee for the cremation.

## Euthanasia + Remembrance Package Cremation:

Please note:

- Please call for an appointment as we need to assure a Vet is available.
- It is generally difficult to do emergency euthanasia's
- Availability is limited
- If Pet Passages cannot schedule a vet, we can assist you with your needs via alternative providers. This will generally be a vet office where we then provide the cremation services
- Pet Passages can provide cremation services for other in-home euthanasia providers
